working groups**

**danube  
networkers**

**Language conversation  
groups**

**Do you have experience with video meetings? It is easy to handle!**

**We can show you how! For more details, visit [www.ileu.net](http://www.ileu.net)**

A project of

Implemented by

**JLEU**

Within the framework of the pilot project DANECT, people of all ages, but especially seniors, from the Danube region come together to connect despite the social isolation in times of Corona crisis. With the help of online video meetings, they share their interests, emotions, but also competencies. To participate, you need a PC or laptop with a camera or microphone, alternatively a tablet or a smartphone and an internet connection.

## We organize via video meetings:

"Come Together" Sessions

Working Groups

Language Conversation Groups

Interesting Lectures

Translation Support

Guidance for Media Use

## Our team

## We look for

Working group moderators

Translators

Technical moderators

**Interested or Questions?**  
**Our team is ready to assist you!**
