<p>Timpul florilor (Dalida 1968) <i>(După originalul rusesc din 1924 compus de Boris Fomin pe versurile lui Konstantin Podrevsky)</i></p>	<p>Those were the days <i>(Based on the 1924 Russian original composed by Boris Fomin to lyrics by Konstantin Podrevsky)</i></p>
<p>Singura ma plimb pe aleea ninsa Caut urma pasilor de-atunci Iti simt mana calda, ti-aud glasul Stiu ca-i o himera dar mai sper</p> <p>Azi vreau sa rad din nou S-alung tot ce-a fost rau Azi vreau sa cred ca tu ai sa te-ntorci Am sa te-astept sa vii Am sa te-astept sa-mi spui Esti viata mea, esti fericirea mea</p> <p>Azi am sa gonesc melancolia Nu mai vreau sa plang, sa mai oftez! Dac-ai sa te-ntorci din nou la mine, Voi uita tot ce ne-a despartit!</p>	<p>Alone I walk the snowy road Looking for the footprints of the past I feel your warm hand, I hear your voice I know it's a ghost but I still hope</p> <p>Today I want to laugh again To banish all that was bad Today I want to believe that you'll come back I'll wait for you to come I'll wait for you to tell me You're my life, you're my happiness</p> <p>Today I'll chase away the melancholy I don't wanna cry anymore, I'm gonna sigh! If you come back to me again, I'll forget all that's kept us apart!</p> <p><i>(Translation with DeepL)</i></p>
