What is iNaturalist?

iNaturalist provides a place to record and organize nature findings, meet other nature enthusiasts, and learn about the natural world. It encourages the participation of a wide variety of nature enthusiasts, including, but not exclusive to, hikers, hunters, birders, beach combers, mushroom foragers, park rangers, ecologists, and fishermen. Through connecting these different perceptions and expertise of the natural world, iNaturalist hopes to create extensive community awareness of local biodiversity and promote further exploration of local environments.

-iNaturalist.org FAQ

- www.inaturalist.org
- iNaturalist is run by the California Academy of Sciences and the National Geographic Society and is now an independent nonprofit organization
- The platform uses AI to identify plants and animals

What can I do with iNaturalist?

- Identify plants and animals
- Take part in projects/ start your own
- Chat with users
- Find out where which species occur

Nature At Your Fingertips

Keep Track

Record your encounters with other organisms and maintain life lists, all in the cloud.

Create Useful Data

Help scientists and resource managers understand when and where organisms occur.

Crowdsource Identifications

Connect with experts who can identify the organisms you observe.

Become a Citizen Scientist

Find a project with a mission that interests you, or start your own.

Learn About Nature

Build your knowledge by talking with other naturalists and helping others.

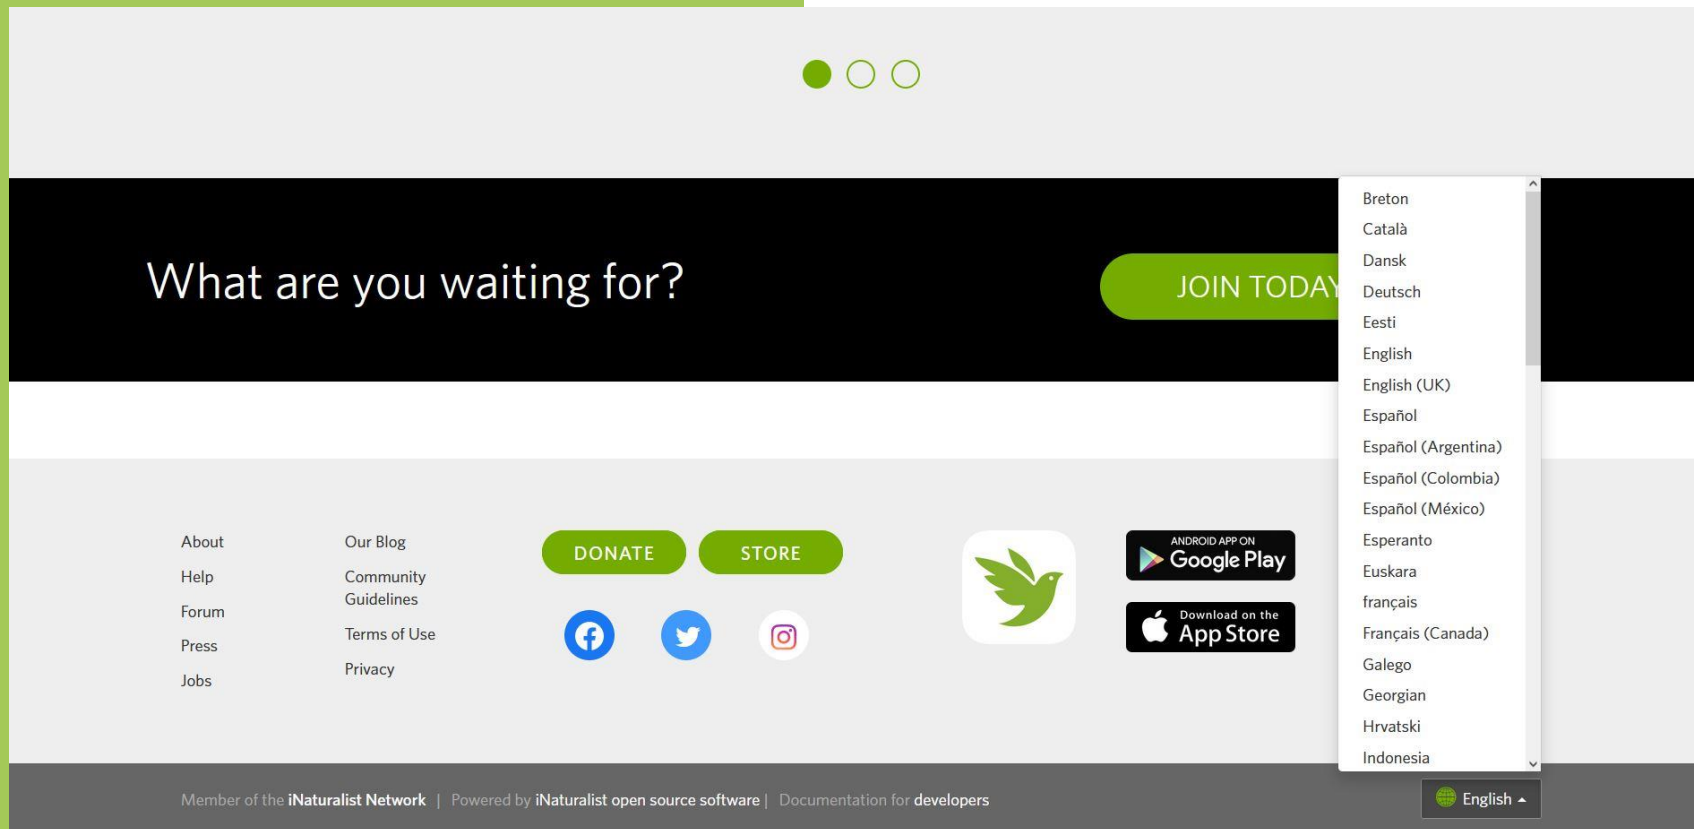

Run a Bioblitz

Hold an event where people try to find as many species as possible.

Change language

1. Scroll down to the bottom of the page
2. Select your language

The screenshot shows the footer of the iNaturalist website. On the left, there are links for 'About', 'Help', 'Forum', 'Press', 'Jobs', 'Our Blog', 'Community Guidelines', 'Terms of Use', and 'Privacy'. In the center, there are 'DONATE' and 'STORE' buttons, followed by social media icons for Facebook, Twitter, and Instagram. To the right of these are the iNaturalist bird logo and buttons for 'ANDROID APP ON Google Play' and 'Download on the App Store'. A language dropdown menu is open on the right side of the footer, listing various languages including Breton, Català, Dansk, Deutsch, Eesti, English, English (UK), Español, Español (Argentina), Español (Colombia), Español (México), Esperanto, Euskara, français, Français (Canada), Galego, Georgian, Hrvatski, and Indonesia. At the bottom right of the footer, there is a small language selector showing 'English' with a dropdown arrow. A green arrow points to this selector from the right edge of the image.

Join the largest group of naturalists in the world!

The image shows the top section of the iNaturalist website. At the top is a navigation bar with the iNaturalist logo, a search icon, and links for 'Explore', 'Community', and 'More'. On the right side of the navigation bar is a 'Log In or Sign Up' link. Below the navigation bar is a large banner featuring a close-up photograph of several butterfly pupae (chrysalises) hanging from a twig. The iNaturalist logo is overlaid on the left side of the banner, with the text 'iNaturalist is now an independent nonprofit organization!' below it. On the right side of the banner is a white button with the text 'LEARN MORE'.
