

**Danube-Networkers invite:
Come together for connecting
cultures**

The project **DANECT** brings together people from the Danube region, especially seniors, to **connect online** and **share their interests, emotions, and competencies** via **video meetings**. It was developed as a response to the social distancing measures during the COVID-19 crisis, enabling people to stay connected despite the inability to meet in person.

danect.eu

Come Together Sessions:

Presentations about other cultures, Music and Poetry.
“From friends for friends”

Interesting Lectures: current topics from politics, science, economy and environment

International Language Conversation Groups:

refresh your own language skills in English, French and Italian

English is used as a bridge language with the offer for translations into German, Romanian, Bulgarian, Serbian and Ukrainian & other languages if needed.

**You want to join our sessions? Make your own contribution?
Visit danect.eu or write to info@ileu.net!**
