Opening Carmen Stadelhofer,
President of ILEU e.V. and Danet e.V.

Workshop 1: Getting to know each other through joint cultural activities, analog and digital

SOCIAL AND EDUCATION ROLE

- Culture can be a successful approach to overcome borders and strengthen civil society. DANECT has to put this approach into an online project, allowing everyone to participate in cultural interaction.
- It has started as an attempt to communicate with each other despite the Covid-19 pandemic regulations, has become a forum that brings together people of all ages, especially senior citizens, from all over Europe, especially the Danube region, to network online.
- In its third year, DANECT still helps, especially elderly people, to share music, poems and other forms of culture via Zoom-meetings.
- With partners in Ruse (Bulgaria) as well as in Timisoara and Cluj-Napoca (both Romania) the project provides a monthly cultural and social exchange between people from different countries with neither the necessity to travel nor to be fluent in all languages in the Danube region.

Workshop 2: Shaping the environment using citizen science as an example

Workshop 3: Using digitalization and media competence

Workshop 4: Promoting cooperation through European caring projects using selected examples

Workshop 5: Participation opportunities for civil society in the EUSDR through various funding programs

Workshop 6: The Empowerment of women

13.07.24: Sing and Swing along the Danube

Thank you for a wonderful meeting!
