Virtual. Meetings. Activities.

ViMA danube is an open international and multifunctional **online platform** where you can reflect and exchange ideas on various topics and meet people.

The platform offers the possibility to people from different countries to communicate in their own language with help of automatic translations in **several languages**.

Would you like to share your ideas with others from different countries and ages?

danube

Virtual. Meetings. Activities.

ViMA danube offers the possibility to get and stay in touch with people from the Danube countries and all over Europe.

Find people with common interests in the **search and offer** section or the **interest groups** and chat with them! Inform yourself about news and upcoming events at our platform.
